~ MEET MY CLIENTS ~

I have really enjoyed working with Marie over the past few months. She created a sacred space where I felt immediate centering, peace and relaxation. Whilst every session followed a familiar format, each was unique. There was time for listening, meditating and journaling. I received a personal thought or word of guidance from an inner source on a weekly basis. The work helped me rid myself of old beliefs that no longer serve me well. It helped my development of self-awareness and self-confidence. Working with Marie is transformational.

I first heard Marie when she was on the radio and even through the airways you could sense her energy and zest for life. I organised a meeting with Marie as I was going through a tough time. After our first meeting I immediately felt more positive and had a renewed want to get my life back on track. It was like chatting to a friend I had known for years, she made me feel at ease. Marie's energy and bubbly personality is infectious. I can honestly say she changed my life and will be forever grateful for her help!

Through both 1:1 mentorship and guidance tools, Marie has helped me through the toughest period of my life. She let me tell my story and then talked to me about the steps I needed to take to get onto my life path and feel balanced again.
